3E: Education, Empowerment and Equality

A division under Best Cure Foundation to promote the development and advancement of women

Krishnan Suthanthiran established a division under Best Cure Foundation called **3E: Education, Empowerment and Equality** to promote the development and advancement of women. It is his belief that every man and woman was given birth to, nursed, and nourished by women, and therefore, they share a greater responsibility in juggling career and family, in raising children and caring for the home. In memory of his mother, Krishnan is proud to support women around the world in pursuing their goals through the 3E organization.

Having lost his father to cancer in 1968, Krishnan Suthanthiran launched his **Global War on Cancer** on April 29, 2015 in memory of him.
